

Title 1 Reading and Math

Title 1 is a federally funded program that provides additional support to students. The classroom teacher and the Title 1 teacher work together to plan for reading and math instruction that will help facilitate individuals, as well as groups of students.

Based on the results of standardized tests, teacher observation and re commendation, students at Aquinas Academy are eligible for Title 1 Reading and Math reinforcement for kindergarten through fifth grades as provided by the appropriated local school district.

Written parental consent is necessary for those students who are recommended by the classroom teacher or principal to be seen on a weekly basis throughout the school year. An initial assessment will be done to determine a student's skill level. Progress Assessment Reports will be distributed along with school report cards.
